

Law and Generative Artificial Intelligence

Author: Pavan Duggal

₹349 ISBN: 9788196503345

While a practicing Advocate, Supreme Court of India, Dr. Pavan Duggal has made an immense impact with an international reputation as an Expert and Authority on Cyber Law, Cyber Security Law, Artificial Intelligence Law & E-commerce law.

While there are numerous legal ramifications of Generative AI, this book has sought to identify and highlight some of the key and more significant legal, policy and regulatory challenges concerning Generative AI. These challenges will have to be appropriately addressed at the earliest possible opportunity as the quantum evolution of Generative AI could potentially throw up new emerging vistas, which will require further consideration by lawmakers.

Contents | Preface | Acknowledgements |

Introduction
